Health

Company Name	Mercy Health- Community Medication Assistance Program
Address	30 W McCreight Ave Ste 101, Springfield OH 45504
Number	937- 523-3341
Hours	8 am - 4 pm Monday-Friday. Closed on holidays.

Low-income families who are uninsured or underinsured often must choose between buying medicine and paying other expenses. We serve Clark, Champaign, and Madison counties. Mercy Health Community Medication Assistance does not believe that is a choice anyone should have to make. We help cover the cost of medicine with two different programs.

- **Med Assist** works with local pharmacies to help with the cost of certain medications
- **Med Assist** Plus coordinate with your doctor and pharmaceutical companies to help with high priced medications not covered through Med Assist

There is no charge for our services. A financial application is required to help us determine eligibility and which program will best serve the client. Our income guidelines vary depending on which program you may qualify for. Application requires proof of household income, expenses, insurance and complete list of all medications. We also provide other resources within the community that may benefit the client.
