Our zero-interest mortgage program allows low-income families to become first time homeowners. Our critical repairs program helps fixed income seniors and those with disabilities to make repairs on the homes they own that they otherwise couldn't afford to make. Our Springfield ReStore takes donations of household items, furniture, appliances, building materials, cabinets and more. Habitat for Humanity works alongside families and volunteers to make affordable housing a reality and to help families build strength, stability, and self-reliance through homeownership.
